

# CENTER FOR BLOOD RESEARCH

800 HUNTINGTON AVENUE  
BOSTON, MASSACHUSETTS 02115  
(617) 731-6470

## LIST OF SPEAKERS AND THEIR TITLE

### Modulatory Factors Which May Circulate in Plasma

<u>Speaker</u>	<u>Title</u>
Dr. Gordon H. Sato (Edwin J. Cohn Lecture)	"Cell Culture and Hormones: In Search of a Theory"
Dr. Russel Ross	"The Platelet Derived Growth Factor - Cell Proliferation <u>in vitro</u> and <u>in vivo</u> "
Dr. Harry N. Antoniades	"A New Hormonal Polypeptide that Stimulates the Growth of Cells in Culture: Isolation and Characterization from Human Serum and Human Platelets"
Drs. W. Jackson Pledger and W.R. Wharton	(Anionic and Cationic Growth Factors)
Dr. Michael B. Stemerman	"Smooth Muscle Cell Behavior <u>in vivo</u> "
Drs. Bernice Martin, Michael A. Gimbrone, Jr., Ramzi S. Cotran and Emil R. Unanue	"Macrophage Factors: Their Role in Proliferation of Smooth Muscle, Fibroblasts and Endothelium"
Dr. Bruce Zetter	"Normal and Tumor-Derived Factors that Modulate Endothelial Cell Growth and Migration"
Dr. Thomas Maciag	"The Role of Protease in the Control of the Pleiotypic Response"
Dr. Robert Highsmith	"Plasminogen Activator and Vascular Tissue"
Dr. James Perdue	"Characterization of Thrombin and Plasminogen Activator Binding Sites on Cultured Avian and Mammalian Cells"
Dr. Barry J. Posner	"The Insulin-Like Growth Factors: Structure and Function"
Dr. H.G. Schwick	"Purified Human Plasma Proteins of Unknown Function"
Drs. O. Ole-Moi Yoi and K. Frank Austen	(Function and Structure of the Glandular Glandular Kallikreins)
Dr. Charles T. Esmon	"Activated Protein C in the Regulation of Blood Coagulation and Fibrinolysis"
Dr. Kathryn C. Zoon	"Human Interferon: Purification and Partial Characterization"

PROTEIN FOUNDATION  
BLOOD RESEARCH INSTITUTE  
BLOOD GROUPING LABORATORY
